The Lexus and the Olive Tree by Thomas L Friedman,, Thomas L Friedman. Share this book A brilliant investigation of globalization, excerpted from The Lexus and the Olive Tree Free Sample. Discussion Questions. The Lexus and the Olive Tree This is a brilliant book. In it, Friedman challenges you to accept his thesis, the benefits of globalization, but also the dangers. He explains in a masterful way how and why the world is different now, and he shows how it is not going to be the same in the future. What is globalization? Globalization is the technologically driven expression of free-market capitalism, and

as such is essentially an American creation. It has irrevocably changed the world. It is both more than and less than American imperialism: it's imperialism in another form. American "economic imperialism" already had the power to lift millions of people out of poverty. It had the power to create markets of unimaginable size and diversity, and to raise production to unimaginable levels. The "globalization" that developed after World War II, however, far exceeded anything imaginable. Free trade replaced protectionism, colonialism replaced imperialism, and the world became united as a single market. The World Trade Organization, the World Bank and the IMF were created to do for the rest of the world what the Marshall Plan did for Europe. To make sure that all those billions of people got the benefits of free trade, free capital, free technologies, and free governance. The result was that countries and individuals are no longer sovereign. They are at the mercy of free market forces, which are driven by technology, not by political considerations. Free trade is a fair system. But as always in such an unstable world, there are winners and losers. The ones who are most dependent on free trade and open markets, the large countries, benefit the most from the arrangement. The bigger the country,

the greater its advantage. The smaller countries, the smaller their growth rate, the smaller their growth rate, the smaller their markets, the smaller their sales, the smaller their profits, the smaller their debts, the smaller their chances of recovery. This is the "dilemma of development." Small countries need to be free to trade, but small countries cannot afford the costs of being free. Their citizens will not accept the consequences of globalism; their governments are not prepared to pay the bills.

Here is a country that

growth of the Asian economies has also generated considerable economic and political. The Lexus and the Olive Tree, by Thomas Friedman, is a book about globalization. The Lexus is the company. The Olive tree is a symbol of peace. The book describes the processes of globalization. The changes in the world's economy over the last few decades, which started with the collapse of the Soviet Union and the opening up of Eastern Europe, and the rise of the two largest Asian economies, China and India, have left the world with a new global economic reality, which has had an enormous effect on the world.
