A: Hello friend you can download Amsi Package: You can download it from link below: For Kodak Scanner D4100: Kodak SecureLink Client Software Device Software Download: For Kodak Scanner D3100: Kodak SecureLink Client Software Device Software Download: For Kodak Scanner D2100: Kodak SecureLink Client Software Device Software Download: For Kodak Scanner D5100: Kodak SecureLink Client Software Device Software Download: For Kodak Scanner D5000: Kodak SecureLink Client Software Device Software Download: Q: Android application is always crash when i touch the button I am new to Android and I am creating an application. I have created a button and set an onclick event for the same. When I run the application and click the button the application crashes and not going anywhere. Can anyone help me in this? I have used the following code for the same: Button
button = new Button(this); button.setText("Please allow pop-up box access");
button.setTextColor(Color.WHITE); button.setBackgroundResource(R.drawable.kpb);
button.setBackgroundColor(Color.TRANSPARENT); button.setOnClickListener(new
OnClickListener() { @Override public void onClick(View arg0) {
