It was Lee's third film, following Way of the Dragon and Enter the Dragon. It was released worldwide the same year as The Chinese Connection, the film in which Lee portrayed a villain. The film was originally released in the United States as Bruce Lee: Enter the Dragon on 11 November 1979 as a double-bill with Way of the Dragon, the film in which Lee portrayed a villain. The action film is centered on Bruce Lee's "Dragon" character, who is hired by the Chinese government to eliminate hired assassins who are robbing his fellow countrymen of their wealth. Lee attacks many of them, including the leader, Hong Kong Triad member Han. Starring in the film was Chuck Norris, who played a Secret Service agent sent out by the US president to protect the president-elect against Lee and to kick his butt. Lee's "men" included Jackson Law, Sho Kosugi and Steve Wang, who teamed up to battle Lee and Law's henchmen. Lee's "girlfriend" was actress Diana Lee. According to Lee, this film was very important to his career, because it was his last big budget Hollywood film and was the first film to earn him his namesake. However, critics of Lee's career were critical of the filmmaker's biographical material, comparing it to how Lee's son Brandon portrayed his father in Game of Death (1999).
